To Whom It May Concern,

Often, crowds of people and loud noises that typically happen at community events can be overwhelming for children and individuals with special needs. Our nonprofit organization, Purposed with Autism is focused on advocating, offering support and events for our Autism Community. You may ask, what is Autism? Autism is a developmental disability which impacts a person's ability to communicate and may hinder building relationships, it affects how a person perceives and interacts with others. It impacts social interaction, communication, and often leads to repetitive behaviors. Simple tasks may be difficult to an autistic individual and an alarming 1 out of 36 children are diagnosed with Autism in the U.S.

We have created many events that are inclusive, less stressful and we've established a calm environment for individuals on the autism spectrum where they can feel safe and be themselves with their families.

We are currently working on our annual event line up which includes: Glass Act Studio Session, ASD Bowling Family Night, Autism Gala, Aroma Touch Massage Therapy Sessions, Quarter mania, Sensory Friendly Movie Day, Autism Easter Egg Hunt (with prizes), Autism Holiday Bazaar, Sensory Friendly Santa Visits and more.

We are looking for businesses, organizations and individuals to help sponsor or donate to these great events for our Autism Community in Hillsdale County. In order to make a difference, we rely heavily on the support of generous individuals and businesses in our community. PWA will add businesses and individuals that contribute to our list of partners at the event(s) and on our website & Facebook page. This is a wonderful opportunity to showcase your business and support for the Autism community. You can contribute to our organization by mailing a check to:

Thank you again for all that you do in our community!

Sincerely,

Katy Price, PWA President
